Fowl pest: vaccine instead of slaughter

New means of controlling fowl pest in England and Wales were announced last week by Mr. Christopher Soames, Minister of Agriculture. Vaccine will be used in-

Anglers fight licence cost

A MAJOR blow was struck on Thurs by 150,000 anglers in their fight against to raise the charge for coarse fishing in Lincolnshire from 3s to 10s.

The Lincolnshire River Board rescinded by 13 votes to six their May decision to raise the duty and referred the matter back to their Fisheries Committee.

Opposition to the proposal has included questions in the House of Commons by Lincoln and Sheffield M.P.s.

The resolution to throw out the previous decision had six supporters headed by the Chairman of the Board, Mr. C. W. Parker.

Petitions

The clerk, Mr. G. E. Phillips, told the Board of 18 petitions which had been received since the announcement of their intention to raise the fee to 10s from next January.

These objections came from the Grimsby and District Amalgamated Society of Anglers, with 1,500 members; Boston and District (1,748); Doncaster and District (10,000); Grantham Association (1,200); Wainfleet and District (220); Hull and District (5,000); Scunthorpe and District (5,000); other smaller societies and individuals.

TEACH YOUR PARENTS

Children who had passed their cycling proficiency test could probably teach their parents a thing or two about road safety, said Insp. F. Sayer, of Scunthorpe, on Friday.

He was presenting certificates and badges to children at Messingham County School.

Rationalisation of Sunday train services

LINCOLN AFFECTED BY LATEST "CUTS" MOVE

THE Eastern Region of British Railways has been considering the possibility of reducing costs on Sunday train services, but at the same time maintaining services between specific points as far as possible by alternative routes.
