## MARILYN'S WILL IS STILL MISSING *Gives Her Plans For Burial*

**A** BUSINESS associate said today that a will Marilyn Monroe was known to have made outlining plans for her own burial had not yet been found, and funeral arrangements would wait pending its discovery, expected later today.

## U.N. PILE ON THE PRESSURE

**T**HE United Nations has banned all flights, those by its planes, to and from all U.N. airports in Katanga, including Elisabethville, spokesman announced late last night from Elisabethville.

The United Nations said the step was taken after a request from the Central Government in Leopoldville. The main airports involved are Elisabethville and Kamina Base.

Informed sources said today this was clearly the first step to bring pressure on the Tshombe government to end Katanga's two-year-old secession, and was likely to be met with a hostile reaction from the Katangese.

The main service involved is that of the Belgian airline Sabena, who operated four flights weekly to and from Brussels and Elisabethville.

## LINCS "STOLE CHEQUES" CHARGE

**ANTHONY JOHN DUDLEY DAVIES** (21), unemployed, and at present of no fixed address, was remanded in custody for a week when he appeared before a special court at Sleaford today.

Davies is accused of stealing a cheque book containing 17 cheques worth 2s. 10d., the property of Osbournby Parochial Church Council.

Supt. John Cottingham told the magistrate, Mr. S. P. King, that Davies was arrested in Lincoln on Saturday, after a complaint from his grandmother, Mrs. Elwell, of Osbournby Vicarage, about the loss of a cheque book.

## Russia Not To Of Ne A-Test

**T**HE Mayor of Shima, the Japanese city devastated by the first atomic bomb 17 years ago, denounced the resumption of tests yesterday as "lous and cynical."

Services marking the anniversary were held throughout the city but traffic stopped and reignited at 8.30 a.m. exact moment when the bomb fell on August 6, 1945.

The eighth world conference against atomic and thermonuclear weapons, now meeting in Moscow, was shocked by the resumption of tests yesterday in Northern Russia.

It was a 40-megaton equivalent to 40 million tons of T.N.T. and 200 times more powerful than the Nagasaki atomic bomb.

The Russian people have not yet been told of the test, which Western leaders in Moscow believe is the first of a series of perfect anti-missile rockets.
